

# InforIThm 2019

Organized by

**Department of Information Technology**  
**Information Technology Student Association (ITSA)**

*Ideas & Thoughts Shaped into Actions...*

**M.V.S R. ENGINEERING COLLEGE**

## EVENT REPORT

Department of IT has conducted a two-day technical fest- 'InforIThm 2k19' on 13<sup>th</sup> and 14<sup>th</sup> March 2019. The festival was aimed at providing a platform for the student community to develop and showcase their technical progress. Students from different disciplines have participated in all the technical and non-technical events.

The event was inaugurated by the chief guest Dr. Salman Abdul Moiz, Associate Professor, School of Computer & Information Sciences, University of Hyderabad, followed by welcome address by Dr.Ch.Samson, Head, ITD. Mr.V.Ashwini Kumar, Associate Professor, IT Dept addressed the gathering and advised the students regarding innovation in conducting the events.. Dr. G. Kanaka Durga, Principal ,MVSREC addressed the gathering by inspiring students to participate in the events. Later , ITSA Faculty coordinator A. V. Vahini, Assistant Professor, ITD, briefed about the fest and all the events.

## Event Details:

**Date:** 13<sup>th</sup> & 14<sup>th</sup> March, 2019

**Venue:** AV Room, ITD, MVSREC

**No. of participants:** 265

## Technical Events:

### Paper Presentation:

The main attraction of the technical fest was the Paper Presentation. InforIThm provided the perfect platform to showcase the ideas. Students from all branches were allowed to showcase their research work. The students were encouraged to prepare a presentation and unleash the speaker in them. They are informed to present an abstract based on the topic in IEEE format which makes them aware of writing the research paper in future. Judges evaluated their performance and suggested some ideas to the participants.

### Poster & Idea Presentation:

InforIThm provided a session in a belief that it is a good way to disseminate work. This event is for all students who love to promote their projects in innovative way rather than general oral presentation. Participants are required to prepare a poster or a chart which demonstrates the theme of their topic. Students are evaluated based on their designing skills and communication skills.

Who knows, one idea might really change someone's life. InforIThm has organized Idea Presentation to the students who feel their ideas are worth changing life of people.

Participants from MBA department showcased their start-up ideas. Innovative and emerging ideas were unleashed through this event.

### **Project Expo:**

It is always better to demonstrate an idea practically rather than theoretically. Implementation is a great deal for students where they learn apart from understanding theoretically. InforITm provided a platform to demonstrate and exhibit the real time projects.

### **Code O' Logic:**

Code O' Logic, a C/C++ coding event. The aim of the event was to test the programming skills of participants along with speed, debugging and encoding. It comprised of three rounds. First round comprises of basic multiple-choice questions on C and C++. In Round-2 students

are tested on additional topics such as Data Structures, Java and Python etc. In Round-3 a problem statement was given to solve and the participant who completed the program in less amount of time was awarded exciting cash prizes. This event provided platform for all the programming lovers to analyze their programming skills and know their position where they stand when compared to others.

### **TekQuiz:**

Quiz was basically an aptitude cum technical based platform to test the participants on their knowledge in a large number of general and technical topics. Event was conducted with a motto of “know what is what of today’s technological world is”. Huge number of participants got registered in this event to showcase their knowledge. They were tested on Logos of MNC’s, technical abbreviations, famous personalities and many more.

## Mock Interview:

This event was conducted mainly for second and third-year students to make them aware of the interview process that must be undergone during the campus recruitments and placements. The interview panel members were from Talentio. They tested students technically and suggested them how to improve. Personal and HR interviews were conducted and they trained the students regarding the communication skills that must be required to crack the interview. Physical appearance and body gestures that must be inculcated during the interview are explained to the students. Students were benefited by this event.

## Tech Treasure Hunt:

It was a time-bound activity and the team that would gather all the clues and reach their goal first would be declared the winner. Each clue was in the form of a riddle and the students thoroughly savored decoding the hints. In the end it was a treat to watch the winners find the treasure with huge smiles on their faces.

## Fun Events:

InforIThm not only provided the platform to showcase technical aspects but also provided lot of fun to the students. Who doesn't like gaming? Everyone likes it and lot of students participated in fun events and enjoyed a lot.

The trending games such as Pubg, FIFA'19, Counter Strike 1.6 and many more were conducted as a part of LAN Gaming. Apart from them Movie Pictionary, Gully Cricket, Tug of War, Spot E and Fun Quiz were conducted.

Finally, the two-day event came to the end. The event report was presented by A.V.Vahini, ITSA Faculty Coordinator. Success of the event was described and Dr. G. Kanaka Durga, Principal, praised all the event coordinators and organizers for making the event a grand success. Cash prizes and merit certificates were issued by Principal madam and Mr.V.Ashwini Kumar, Assoc prof, ITD to the winners of all the events. Finally Vote of Thanks was proposed by J. Lokeshwar Reddy, final year student, ITD.

We, the active members of ITSA pledge to work collectively for the betterment of our Student Association.
